DESCRIPTION

Exceptional in its ability to reach extraordinary speeds while offering unrivalled safety and comfort.

the philosophy that dedicated the design of this sailing catamaran with a offshore program was to create a luxurious & comfortable living space on the water.

On Board, Nothing is left to chance: sea keeping height ergonomics, easy maneuvering , living spaces, luxurious equipment and materials, cabins, bathrooms, cockpit saloon...

The TAG 60 is built entirely of sandwich: foam, carbon fibre and epoxy .

The use of rounded lines helped to achieve the desired lightness and stability. These characteristics undoubtedly make this yacht extremely competitive on the world market. She easily can compete with Gunboat,by even having the advantage to offer great comfort for living on board.

The elegance of the shapes and the purity of the lines have increased the success for this perfect boat. Tag 60 is clearly an uncompromising, almost perfect multihull. The yacht is built in an avant-garde style.

The entire portside of this amazing 2018 model is designated to the owner's master suite. Another luxury suite is located on the starboard site, where another guest cabin is found and also an independent crew cabin with bathroom.

She features luxury sailing gear including four brand new sails North Sail , including mainsail, Jib , Genaker and stay sail. The entire standing rigging has been replaced in 2024.

Offered in mint condition and fully loaded ,she needs to be seen to be appreciated.
