DESCRIPTION

Dufour Grand Large 520 – Spacious 5 x Cabins / 3x bathrooms

The Dufour Grand Large 520 combines excellent sailing performance with a highly practical and comfortable layout, making her particularly well suited to extended cruising and entertaining on board.

One of the key strengths of the 520 is the excellent cockpit ergonomics. The twin-wheel steering arrangement provides easy access and good visibility, while the two-level swim platform folds up when underway, helping to secure the cockpit. When at anchor or in harbour, the platform provides additional space and comfortable access to the water.

Below deck, the layout is equally well thought out. The galley is positioned athwartships at the main bulkhead, allowing the widest part of the saloon to remain dedicated to living, dining and entertaining. This creates a particularly spacious and open feeling throughout the main living area.

The accommodation offers five cabins, comprising 4 x double cabins and one cabin with two single berths, together with three bathrooms, all equipped with electric toilets.

This Dufour 520 features the larger engine with 110 HP for improved performance and manoeuvrability.It is equipped with Generator,water maker,airconditioning ,Raymarine instruments,1x large drawer fridge and 1x smaller top opening fridge.

Offered at a very attractive price, this Dufour Grand Large 520 represents an excellent opportunity for anyone looking for a spacious and comfortable yacht for long-term cruising or charter operations.
