HEURES MOTEUR 566	PUISSANCE 2 X 30 CV		

DESCRIPTION

This four-cabin **Nautitech 40 Open** is equipped for extended cruising, with **1,860 W of solar power, a 600 Ah lithium house battery** bank and a 60 L/h Dessalator watermaker. Its open saloon and cockpit layout creates one generous living area, with wraparound cockpit shades, Sunbrella upholstery and fans in the saloon and all four cabins.

The sail plan includes an Incidence square-top mainsail and furling Solent jib fitted in November 2024, plus a gennaker serviced by Incidence in November 2025. Twin Carbonautica helm wheels, a Lewmar electric winch and a Raymarine autopilot complement the sailing setup. The Raymarine electronics package also includes a 9-inch Axiom+ chartplotter, two i70s instrument displays and transmit-and-receive AIS.

The twin Yanmar 3YM30 engines and saildrives were removed for a workshop overhaul in May 2023, when the saildrive diaphragms were also replaced. The engines have logged 467 hours to port and 566 hours to starboard since that work. The latest oil and filter service was carried out in April 2026.

On board, separate stainless-steel Frigoboat drawer units provide refrigeration and freezer space, and a compact washing machine was added in November 2025. A 3.10 m Plastimo aluminium-hull tender with a 15 hp Honda four-stroke outboard is included, along with offshore safety equipment for eight people.

Contact Harel Yachts for the full details or to arrange a viewing.
